In the Matter of Commercial Advertisement Loudness Mitigation (CALM)

MB Docket No. 11-93

On behalf of Wire Tele-View Corp., a small independently owned and operated cable system serving Schuylkill County, PA, I hereby request a streamlined financial hardship waiver of the Commercial Advertisement Loudness Mitigation (CALM) Act rules for one year.

Pursuant to the Commission's December 13, 2011 Report and Order in the above captioned proceeding, I certify that Wire Tele-View Corp:

- Has less than 15,000 subscribers and therefore meets the Commission's Definition of a small MVPD system.
- (2) Needs a delay of one year to avoid the financial hardship that would otherwise be imposed if it were required to obtain the necessary audio monitoring equipment sooner

The basis for the financial hardship is:

- (1) Due to the financial state of the economy in Schuylkill County resulting in the high rate of unemployment, we have lost 11% of our subscribers in 2012.
- (2) Due to the 700% increase in non-regulated Retransmission Fees from local off-air networks.

At this point, we are struggling financially. As a result, installation of the measures required by CALM rule would be an unmanageable expense for our limited operational budget.

I represent and warrant that the above certification is consistent with 47 C.F.R. (1.17) which requires truthful and accurate statements to the Commission. I also acknowledge that false statement and misrepresentation to the Commission are punishable under Title 18 of the U.S. Code and may subject Wire Tele-View to enforcement actions.

Signed: Warlene Mills
